OPENING NIGHT FRIDAY 28TH 6-9PM

CONCRETE PARADISE

“Concrete Paradise” is the first (official) solo exhibition by newly located artist Conrad Square.

We invite you to the opening night on Friday the 28th of February from 6:00 till 9:00 PM at Off the Kerb gallery.

This body of work reflects urban life, blending creativity with political commentary.

Through symbols, characters, and typography, Square shares his concerns about society's relentless pursuit of renewal and highlights the impact of gentrification. Each piece urges viewers to question the price of progress and to consider harmonising more with the natural world.
